

HALL'S RAILWAY BILL IS KILLED

Assembly Rejects the State Commission Bill by a Vote of 74 to 24.

BLOW FOR OSTEOPATHY

Bill Is Passed Adopting the Torrens System of Land Registration.

PRIMARY BILL SUBSTITUTES

Madison, Wis., April 10.—The Hall bill providing for the appointment of a state railway commission, which has been dreaded by several legislatures, met its fate again today. The bill being killed by the assembly 74 to 24.

The constitutional amendment legalizing the uses of voting machines which had been killed but resurrected, was concurred in by the senate today 19 to 12.

The assembly passed the bill adopting the Torrens system of land registration 59 to 39.

The bill legalizing the practice of osteopathy was reported adversely in the assembly.

The senate advanced to third reading the bill providing a bounty on wolves, wild cats and lynx.

SUBSTITUTE PRIMARY BILLS.

Fight Will Open on Election Measures at Madison Tonight.

Madison, Wis., April 10.—Two substitutes for the Miller Primary Election bill, known as 73C, were introduced in the senate last evening. One was offered by Senator Hagemeyer of Green Bay and provides for the application of the primary election principle to county offices only, all judicial and city offices being excepted. This substitute has been agreed to in a caucus of the stalwarts and will be passed in the senate on Thursday evening.

The other substitute is by Senator Kreutzer and applies the primary election principle to counties, but also calls for the election of delegates to all other conventions by a direct vote. It is not likely that the senate will adopt the Kreutzer bill.

Preparing for the Battle.

The two factions in the senate have been holding conferences from time to time today. At a meeting of the stalwart leaders yesterday the situation was carefully gone over. As a result it was agreed in the caucus that a substitute bill on county lines should be offered for the Miller bill and the result was the bill offered by Mr. Hagemeyer.

Hope for Better Terms.

Late last evening the friends of the Stevens bill held a caucus and decided on a line of action for tonight and tomorrow. While they admit that their measure had no chance for passage, they are hopeful in the end that they can get better terms than those offered in the Hagemeyer bill.

An Honest, Fair Fight.

Last evening Senator Jones, representing the Stalwarts, and Senator Miller of the supporters of the Stevens bill, held a meeting and arranged the preliminaries for the big contest on the floor of the senate tonight and tomorrow. It was agreed that there should be no filibustering but an honest and a fair fight. Under the terms of the agreement the Stevens substitute should first be taken up. It will be argued all this evening and part of Thursday evening, and the plan of the Stalwarts is then to kill it. This done the Miller bill is then to be taken up. This done, it too will be killed and in its place the Hagemeyer substitute offered in the senate will be adopted.

Last Chance in the Assembly.

A great deal of interest is being taken in the contest which will open in the senate at eight o'clock tonight. The question that is now being asked is what will the assembly do when the senate has disposed of the subject by passing a compromise measure. The friends of the Stevens bill have already commenced a campaign in the lower house. Their plan is to have the Hagemeyer substitute amended when it comes into the assembly so as to include legislative districts.

That is the issue of the whole fight. The supporters of the bill now privately admit that they have lost their fight on the Stevens substitute, and while they will not say so, they intimate that a bill giving them counties and legislative districts will be acceptable to them.

AMICABLE ASSEMBLY MOOD.

Passed Nineteen and Concurred in Eight Bills With Little Talk.

Madison, Wis., April 10.—The assembly was in an amicable mood last night and with little discussion or debate passed nineteen and concurred in eight bills.

Despite the opposition showed at the morning session to the Dodge bill, re-

ducing exemptions of earnings from \$60 to \$40 a month and reducing the time from three to two months, the bill was passed by an overwhelming vote. Later however David Evans, Jr., moved a reconsideration of the vote and his motion went over until today.

The Barker bill prohibiting marriage within one year of divorce, went through without a word of discussion. Mr. Orton questioned the advisability of passing the Williams bill authorizing the establishment of industrial schools in counties desiring them, but the author of the measure said that it had the endorsement of Judge Lyon, president of the state board of control. The bill went through by a large viva-voce vote.

The Williams bill increasing the length of the annual encampment of the Wisconsin National guard from seven to ten days went through without comment. The senate held a brief session last evening but did little business besides receiving committee reports. The committee on assessment and collection of taxes offered a bill exempting the Milwaukee exposition from taxation. Recently a bill of this kind was vetoed by the governor but this measure makes the law apply to all expositions in the state and this will probably meet the approval of the executive.

BELOIT COUNCIL IS STILL IN THE AIR

Factions Have Got Into a Bitter Contest—East Siders Declare War Against West Side.

Beloit, Wis., April 10.—The interurban railway franchise is still in the air and may not come down to do Beloit any good. There was nothing done in the council meeting held in the line city last night. The next meeting will be held next Monday night, and the indications are that the scrap will increase in bitterness.

Mr. Clough is still figuring, but he is becoming very much disgusted with the selfish and unbusinesslike way in which this matter is being handled and he may throw up his plans and go around the place.

In the meantime the people of the city who are united 110 to 1 in wanting the road are apprehensive that Mr. Clough will not wait much longer and that the line will be built around the city and the power house located in South Beloit, where it will yield nothing in the way of taxes to the city.

A petition signed by 534 men at the Fairbanks, Morse & Co. works was presented to the council last night asking that the road be built up Pleasant street, that being the most direct way through the town, and that an urban line of about two miles be built on the West side to connect with it.

Meanwhile the West side business men are up in arms against any proposition that will keep the interurban from going on the West side as well as the East side. The employees at the Fairbanks, Morse & Co. plant are so enraged at the action of many business men in opposing the line that they are organizing a purchasing association to buy all of their goods outside of the city, getting them at wholesale. There is no doubt that this will be done if the interurban franchise is not granted or the applicant withdraws his application.

T. F. Frawley, vice president and attorney of the Rock River Electric railway company, the Eau Claire concern in a letter to the council withdrew his company's proposition and shaped abuse and insult upon the aldermen for alleged ill-treatment at their hands. He was asked last week to put up a bonus as an earnest of his making the application in good faith and the letter of withdrawal was his answer. The aldermen and most citizens think that his offer of \$1,000 annually for a franchise was all a bluff and the letter strengthens them in that belief.

FORTUNE FOR A COLLEGE.

Mrs. Newcomb Leaves Nearly \$3,000, 000 to New Orleans Institution.

New York, April 10.—Mrs. Josephine Louise Newcomb died in this city yesterday and left a fortune of between \$2,000,000 and \$3,000,000, nearly all of which will go to the support of the Sophie Newcomb College for Girls, an adjunct to Tulane university at New Orleans, which she established after the death of her only child about eighteen years ago.

Mrs. Newcomb was the widow of Warren Newcomb. She was born in Baltimore, of French descent and was married to Warren Newcomb, then a commission merchant in Louisville, whom she met in New Orleans while on a visit to that city. At the time of her marriage her husband was a member of the firm of H. D. Newcomb & Bro., of Louisville. Later he came to this city and started a commission business here with H. D. Newcomb and his nephew, H. Victor Newcomb. He died in 1885, leaving a large estate.

Mrs. Newcomb was a woman of many eccentricities, and had long been estranged from her relatives. She had been living in this city and New Orleans a secluded life for many years. Last fall it was her intention to go to New Orleans, but her feebleness prevented, and she lingered for many months, finally succumbing to old age.

HALF A MILLION FOR IMPROVEMENTS; BUILDING BOOM FOR JANESVILLE

Prosperous Year in Sight for the Bower City—Sewerage System, New Postoffice, Public Library, Railway Depots, Warehouses and Private Buildings.

Sewerage system.....	\$20,000
New postoffice.....	75,000
Carnegie-Eldred library.....	40,000
St. Paul passenger depot.....	40,000
St. Paul freight depot.....	20,000
Cannox factory.....	60,000
Machine Co. warehouse.....	20,000
St. Mary's church.....	40,000
Private structures.....	60,000
	\$385,000

If the signs of the times are to be trusted Janesville has entered upon an era of substantial and prosperous growth. No great boom has struck the city, but when one considers the costly buildings which have recently been erected and the still more costly buildings and enterprises in contemplation it can readily be seen that the present time is one of the most important in the city's history.

Hundreds of thousands of dollars will be expended and the result will be the beautifying of the city with artistic buildings and an inestimable increase of its facilities as a business center.

Railroad Improvements.

The most interesting improvements in project are those to be made by the Chicago, Milwaukee & St. Paul Railway company. They will doubtless be the most extensive also and although they are in a measure surrounded by mystery certain things concerning them are known positively. The secrecy which has been maintained, consistent with the rules of railroad corporations, has but served to arouse curiosity and increase general interest.

There is much conjecture and a great variety of opinion concerning the plans of the Chicago, Milwaukee & St. Paul company, but it is generally conceded that a new passenger depot, freight depot and round house will be the outcome. The freight depot will be erected at once on the North Main street property.

Handsome Passenger Depot.

There is a persistent and seemingly authentic rumor that the passenger depot will be a costly and handsome one, well equipped and thoroughly modern. It is said that the policy of the Milwaukee company in remodeling its service here will be to secure the very best. Plans and arrangements have been made carefully and when entirely matured will be speedily pushed to completion.

Interurban Electric Road.

Transportation facilities will be greatly increased by the interurban electric railway, one of the largest enterprises which will soon bring new advantages to the city. It will be built between here and Rockford during the coming summer and, when completed, will represent the outlay of considerable over a hundred thousand dollars.

New \$75,000 Post Office.

It is expected that work on the new \$75,000 post office will be begun about the first of June. The plans are completed and are said to be the finest ever drawn for a federal building of similar cost.

New Library Building.

Unless some unforeseen obstacle is encountered the new \$40,000 library building will certainly be erected during the coming summer. It is whispered that the material to be used in its construction will very likely be a mottled hydraulic brick which very closely resembles granite. The brick in favor is used in the engineering building at the state university and makes a very handsome building.

New St. Mary's Church.

By no means the least beautiful of the buildings will be St. Mary's white brick church, now in progress of erection. The contractor is in the city and it will not be long before the work is ready for the carpenters. The contract price for the building was \$26,000 but when completed the church will cost about \$40,000. The stained glass windows to be used in the church will be works of art and will be made of imported glass, con-

KILLS HIS WIFE AND THEN HIMSELF

Edward Moore, a Milwaukee Soldier's Home Inmate, Commits a Desperate Crime.

Milwaukee, April 10.—Edward Moore, an old soldier, shot and killed his wife and then killed himself yesterday afternoon at the woman's home, 370 South Pierce street. Moore was fifty-six years of age, was formerly a justice of the peace. A few months ago he quarreled with his wife, and after smashing the furniture in the house poured kerosene over it and set it on fire.

For this he was sent to the house of correction. He was released on March 26, and then on the first of the month received his pension. He lived with his wife three days, and then she left him as he was indulging

in taining figure groups as designs. The choir will be put in the large front window which will cost \$400. Rev. Father Goebel, the ladies' sodalities of the church and the altar boys are among those who have signified their intention of putting in windows costing \$200 each.

Three Story Warehouses.

Plans are being drawn for the three story brick warehouse to be erected by the Janesville Machine Company on the corner of Pleasant and River streets. It will take the place of the frame buildings now used as shops and will be built as early in the summer as possible.

A large private sewer is to be built immediately on South Third street. The contract has been let to John Peters and calls for completion by June 1st. The property owners who will share the expense of laying the sewer are George Simpson, the city for the Jefferson school property, A. E. Matheson, T. O. Howe, Fred Howe, Angie King, McNeil estate, Mrs. Mary Merrill, Ed. Fitch, H. D. Murdock, J. S. Day, J. L. Hay, Court Street M. E. Church parsonage, Leslie Treat and E. E. Edgington. This is suggestive of the fact that, authorized by the vote of the people, the city council may take action regarding the adoption and construction of a general system of sewerage.

New Tobacco Warehouses.

Other large business enterprises will materialize before the coming of next winter and it is prophesied that among the number will be some new tobacco warehouses. There is a strong tendency towards making Janesville the principal tobacco center of this section of the state. Splendid shipping facilities, the abundance of skilled labor and the ease with which board for the tobacco workers can be secured make it entirely desirable. A prominent tobacco authority says that the American Tobacco company and the Continental Tobacco company will doubtless erect large warehouses here this summer.

The growth of the business of the city is evidenced by the necessity for the addition to the Grand hotel which is being erected and the extensive improvements which are to be made at the Hotel Myers.

Excavations for the buildings in the canning factory plant, the entire cost of which is estimated at \$60,000, will begin tomorrow and the work will be pushed as rapidly as possible.

Many Handsome Residences.

Many handsome residences will be erected this summer. Probably the most costly will be the house which F. H. Jackson will erect on the corner of Sinclair street across the road from his present home. It will cost in the neighborhood of \$10,000.

Ground has been broken for Geo. F. Kimball's residence on the Allen property on South Third street. It is to be Venetian in style and will cost about \$5,000. Next to this unique home is F. F. Wortendyke's beautiful house which is enclosed.

F. H. Baack will build a \$6,000 house on Court street just east of George S. Parker and on the opposite side of the street W. F. Palmer will build his new home. In the same neighborhood on Sinclair street, just around the corner from Court street a costly house will be erected by H. S. McGiffen.

Charles Bostwick's new home will be in one of the most slightly locations of the city. It will be on the corner of East Milwaukee and East streets and the frontage will be on East street.

Stokely Hutchinson will build on Milwaukee avenue, east of Charles Stoller's home. John Wilcox will build on South Main street. John Yahn is building a nice house on the corner of Fifth avenue and Glen streets and these are but a few of the people who are giving most of their thoughts to bewildering plans and specifications.

In a spree. Yesterday Moore went to the home and gained admittance to the room where his wife was by saying that he had a present for her. When he entered the room he pulled a revolver and shot her dead. Then he turned the gun on himself and ended his life with another shot. Moore served through the civil war in company G of the Sixth Wisconsin Infantry.

FIERCE BLAZE IN AN INSANE ASYLUM

Indianapolis, Ind., April 10.—Fire at three o'clock this morning threatened the destruction of the central hospital for the insane, but control was gained within an hour. It originated in the linen closet in the ward where the violent female patients are confined. The patients behaved admirably and none were injured.

NEW \$10 LEGAL TENDER.

Secretary of the Treasury Approves Artistic Design for Note.

Washington, April 10.—The Secretary of the Treasury has approved a design for the new \$10 legal tender United States Note. Prominent in the center of the face of the note is the picture of an American buffalo, taken from a photograph of a fine mounted specimen in the national museum. On the right and left ends are the portraits of Lewis and Clark, the noted explorers of the far Northwest. By the side of each is a youthful figure extending a palm over the picture. The figures and letters denoting the denomination are quite large and conspicuous. The note is considered as artistic as any that has been issued in many years.

Henry Claymier Drops Dead.

Milwaukee, Wis., April 10.—Henry Claymier, formerly chief of the Milwaukee fire department, dropped dead of heart failure this evening in a Turkish bath. Mr. Claymier was a member of the department from 1856 to 1881. He was state factory inspector in 1886. He had been a member of the Masonic and Odd Fellows fraternities for many years.

AFFAIRS IN CUBA WORRY M'KINLEY

He Does Not Want to Call an Extra Session of Congress on That Account.

Washington, April 10.—The gravity of the Cuban situation led a member of the cabinet today to suggest the advisability of calling an extra session of congress to deal further with the affairs of that island. The suggestion was promptly squelched by the president. He said that it would be unwise even to discuss a plan to call congress together and the Cubans had given a further indication of what they proposed to do.

The member who made the suggestion explained that he believed that congress ought to be permitted to shoulder all of the responsibility for dealing with Cuba, especially as last Saturday's vote in the Cuban convention on the Platt amendments proves that it will be necessary to adopt more drastic measures to bring the Cubans to a realization of their own helplessness.

The cabinet views the situation in general with a feeling of alarm, which was given free expression today, but is not yet prepared to make public confession of its fears. It was stated after the cabinet meeting that in all probability congress would have to be called together in an extra session before the first of August to consider a demand from the Cubans peremptorily requesting the president to withdraw the troops from the island.

Information now in the possession of the cabinet points to the conclusion that this demand is now being formulated and will be presented in the near future. The president will reject it and may even re-enforce the troops now quartered in the island. Then it will become necessary for him to pass the whole matter up to congress for its determination.

TRUSTS TO CONTROL DRY GOODS TRADE

Pierpont Morgan & Co. Make Public Announcement of the Formation of a Syndicate.

New York, April 10.—J. Pierpont Morgan & Co. today made public announcement of the combination of dry goods and department store interests, which was forecast yesterday. The new corporation, which is known as the Associated Merchants' company is capitalized at \$20,000,000, and at the outset takes the business of the H. B. Claffin company, the largest dry goods 'jobbing' house in the world; that of the Adams Dry Goods Company, doing a retail business in Sixth avenue, and that of the twenty-third street establishment of James McCready & Co.

Reports were current today that the capital of the corporation would be increased several fold and that other large emporiums in this city and elsewhere would be absorbed within a short time, the ultimate purpose of the company being to establish a chain of stores from Boston to Chicago.

RUSSIAN FLEET SALUTES LOUBET

Toulon, April 10.—President Loubet was driven from Nice to Ville Franche this morning and embarked on the flagship of the French fleet. When he started for Toulon the warships saluted. Out at sea the presidential fleet was met by the cruiser which had gone to greet the duke commanding the Italian squadron. At Toulon thousands waited on the quays for a glimpse of the squadrons.

Mrs. B. C. Jackson is entertaining Mrs. F. M. Jensen of Stoughton.

IMPENDING CIVIL CONFLICT IN CHINA

Washington Officials Not Alarmed Over Stories from the Orient.

CANNOT PAY BIG SUM

The Powers Demand for Indemnity Reaches a Half Billion Dollars.

SOME UNREASONABLE CLAIMS

Washington D. C. April 10.—Officials of the state department place little credence in the reports of an impending civil war in China, and they are not alarmed over the sensational stories coming from the Orient. The surface indications point to a desperate situation, but an official who has made a study of the Eastern question explained it in such a way today as to place an entirely different aspect on it.

He says civil war does not exist and does not believe that there will be war despite the present outlook.

The gathering of a large army at one point it is believed here gave rise to the rumors of a civil war. As the state department is in constant communication with its representatives in China, and as they have never referred to a war, the administration is forced to the belief that one does not exist and is not likely to break out.

Indemnity Demands Too High.

Instructions were sent to Commissioner Rockhill at Peking today to insist strenuously upon the reduction of the amount of indemnity demanded by the powers. All claims for indemnity have been laid before the foreign representatives at Peking.

Advices from Mr. Rockhill fixed the amount at about \$500,000,000. This government is satisfied that China is not able to pay such an enormous amount. After talking the matter over at the cabinet meeting Secretary Hay induced Mr. Rockhill to insist that the aggregate indemnity should not exceed \$200,000,000, and to endeavor to keep it down to half that amount.

China Cannot Pay Big Sum.

The United States has learned that China will be able to pay \$200,000,000, but that it would be a terrible strain upon the resources of China. It was concluded that the half billion dollar indemnity must be reduced, and, if necessary, the United States would scale down its claim of \$25,000,000 to less than half that amount. Advices from Mr. Rockhill show that some of the small European nations which suffered to only a small extent during the Boxer trouble have made claims for indemnity out of all proportion to the injury sustained.

Some of the first class nations, for that matter, are also disposed to be unreasonable. Germany comes within this class, as it has made claims amounting to more than \$70,000,000. The state department is in possession of information which shows that the empire is in such a bad way financially that it will be almost impossible for China to meet the demands unless the figures are greatly reduced.

AGUINALDO KEPT IN STRICT SECLUSION

Manifesto is Delayed—No One is Allowed to See the Former Filipino Leader.

Manila, April 10.—The report that Aguinaldo has completed the manifesto which he is to issue to his followers, urging them to submit is officially denied. It is said that the delay is caused by some minor differences.

The officials are acting with a great air of mystery, which is exciting considerable local comment and creating the idea that something is being concealed. Aguinaldo cannot be seen by newspaper men, and obviously will be kept in seclusion until there have been some definite developments, which are momentarily expected.

Three members of the Monda Ducats, the Filipino Mafia, have been sentenced to hang at Iloilo.

The widow of Captain Lara of the Manila police, who was assassinated, has been granted the exclusive cockpit privilege by the provost marshal as compensation of the murder of her husband, who was the commander of the native police. This is the first time that the Americans have granted permission for cockfighting in Manila. This is the national sport of the Filipinos and there will probably be legislation in regard to it in the future.

The trials of persons mixed up in the commissary scandals will begin at an early date. It is expected that the investigations will lead to many exposures as the deficit amounts to over \$100,000.

News of the Golf Links

The Sunday Inter Ocean contains the following article in regard to the meeting of the Western Golf Association held in Chicago last week.

While the sixteen delegates who represented the Western Golf Association at the annual meeting last Thursday were present simply as legislators or diplomats, it could not help being noticed that it would be an easy matter to pick a crack team of half a dozen from among them who would make it interesting for almost any other six in the whole organization.

Although all the delegates rank well as golfers the following six would probably represent the cream of the players:

William Waller of Onwentsia, the western champion.

David R. Forgan of Onwentsia, last year's W. G. A. champion.

Albert Schaller of the Sinitissippi Golf club of Janesville, Wis.

Alan Leroy Reid, captain of the Chicago Golf club.

A. G. Bennett Shokle Country club of Glencoe.

George A. Yule, Kenosha Country club.

Schaller has played in a couple of the national championships with the same ill luck that many another good man as often stacked up against, but he showed his mettle last year at Onwentsia against William Waller, when it took twenty-one holes before the western champion won the decisive one. Again at Milwaukee, Schaller surprised the "talent" by defeating Walter E. Egan of Onwentsia and Lake Geneva in the final match for the second cup.

One item not on the bill at the meeting of the Western Golf Association was the practical formation of a Wisconsin state league, which was suggested by Secretary J. P. Baker of the Sinitissippi Golf club of Janesville, Wis.

Last year the Janesville club intended holding an extensive tournament and an expensive cup was purchased for chief trophy. However, as the meeting was not generally advertised there was a dearth of outside entries, and the directors of the Sinitissippi club decided to let the event go by default. They still have the trophy, and as a consequence the magnanimous offer was made to the Wisconsin delegates to make it the

state emblem, and it will probably be accepted. There are no strings tied to the cup.

The first tournament will be held at Janesville, the Sinitissippi club providing the secondary prizes as well as the chief cup. The latter will go to a three-times victor. The others become the permanent property of the winners. Whoever wins the chief cup defends it on his own links the following season, and his club provides the other prizes.

All the Wisconsin clubs—big and little, whether members of the national or Western bodies or not—will be eligible to compete.

The Sunday Sentinel, in an article on the formation of the association, said:

"Commenting on the plan, Milwaukee golfers said that their co-operation could be secured without further solicitation, as they hoped the organization would be perfected at an early date. 'The organization of a state golf league in Wisconsin is a first rate idea,' said F. B. Keene, 'and I hope the necessary work will be started immediately in order to make the first tournament a success. Milwaukee is centrally located, and efforts should be made to hold the first meeting here and make arrangements for conducting the opening tournament on the links of the Milwaukee Country club, where there is every facility for entertaining a large number of players. If necessary the Milwaukee Country club should take the initiative in organizing the association, which would result in much benefit to the game and widen the circle of interest.'"

As usual, Milwaukee, being the largest city in the state, immediately claims the tournament and gives her reasons, which have many things in their favor. The members of the Sinitissippi Golf Club think it a little bit selfish for the Milwaukee Country club to claim the right to have the first tournament held in Milwaukee, when they did not care enough about the matter to have a representative at the meeting. The idea originated in the Janesville club and Janesville should be given the right to hold the first tournament. As far as grounds are concerned, this year the Sinitissippi links will be as fine as any nine hole course in the west.

DANCE OF THE UNIQUE CLUB

The second annual ball of the Unique club held in Assembly hall last evening, was a success in every particular. The hall was handsomely decorated with evergreens and flowering plants, and presented a charming picture. The northwest corner of the room was turned into a beautiful bow; by the use of flowers and plants and the balcony rail trimmed with evergreen and foliage, gave that part of the hall the appearance of an arbor. The words "Unique Club," prettily worked in white letters on a green background, were suspended over the orchestra stand, and called the attention of those gathered there to the fact that it was to this organization they were indebted for the evening's pleasure. About one hundred and fifty couples attended the party; their happy faces, and the handsome dresses of the ladies lent beauty to the scene. Prof. John Smith's orchestra furnished the music which inspired the ladies and gentlemen to enjoy the dance. The party broke up at a late hour, and all the guests were loud in their praises of the way in which it had been conducted. The reception committee composed of Alfred Jerg, Charles Ellis, Ernest Clemens, Ed. Amerpohl and James Riley; and the floor committee composed of Louis Levy, Charles Knapp, Peter Riley, Edward Fawcett and John Gazell, did all in their power to make the evening one of unalloyed pleasure.

BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

REPORT AGAINST OSTEOPATHS

Assembly Committee Will Ask for Indefinite Postponement.

Madison, Wis., April 10.—The committee on Public Health and Sanitation of the assembly has decided to report for indefinite postponement the Osteopathy bill which some time ago passed the senate. The report will be signed by Messrs. Willott, Spratt and Esau and Messrs. Evans and Whitson will dissent from it. It is not improbable that a vigorous fight will be made on the floor of the house by friends of the bill, which will be on the calendar to day or tomorrow.

The committee also has decided to report favorably the amendments to the medical laws. This bill contains a clause authorizing the State Board of Medical Examiners to license osteopaths after they have passed an examination. The license will not, however, give them authority to practice materia medica and surgery. The report will be unanimous.

Barber's License Bill.

The barbers' license bill is now at the tender mercies of the senate. Senator Eaton's committee will have charge of the bill, the committee reference having been in the senate to the committee on public health and sanitation. The barbers of the state should look after it that Mr. Eaton gives their bill as careful attention as he has the stationary engineers' license bill, as a similar senate measure was presented by him to the upper house. A bitter fight will be put up against the barbers' bill in the senate and it will require work to pass the bill. The barbers, however, are apparently very sanguine, and claim there is very little doubt that they are going to get their measure on the statute books.

Tinker Exemption Law.

The committee in state affairs' bill restricting the homestead exemption to real estate property valued at \$5,000 is another measure which has been sent by the assembly to the senate. A bill of this kind has long been favored by a great many people in the state who believe that the present law which allows a person to hold an exemption a quarter section of land in the country or a quarter of an acre of land in the city, gives far too large an exemption of real property for the benefit of the debtor. Another exemption law which has been passed by the assembly and sent over to the senate reduces the wage earning exemption from \$60 to \$40 a month. Frank Weber, who represents organized labor out here says that he will secure the defeat of this bill in the senate.

Needs of the Veterans.

J. P. Albee hands The Gazette the following clipping from the National Tribune, which he thinks will be interesting to all old soldiers:

"There has been lavish increase of expenditure everywhere but in the Pension Bureau. It is true that the pension appropriation increased from \$141,328,580 for 1897 to \$145,245,230 for 1901, but as Mr. Evans turned back

into the treasury over \$5,000,000 of last year's appropriation of \$141,263,800, it is evident that this increase will do the veterans little good. It would appear that it was made for the purpose of 'jolly' them and the country, and making an opportunity for a big showing of economy in one department of public expenditure.

"This is particularly cruel at this juncture, when the rapidly increasing age and disabilities of the veterans and their widows are so important for relief. It is now or never with them. Boom towns can wait a little longer or costly public buildings; officials may wait a little longer for an increase in their already liberal salaries; clamorous office seekers may make their living some other way a little while longer; various jobs and schemes need not be in mortal haste, but the needs of the veterans and their widows are immediate, crying, and not to be denied, while humanity rules."

PUT A BAN ON THE WORD "OUGHT"

Telephone Girls Must Say "Naught" When the Number Given Contains a Cipher.

A. T. H. Brower, editor of the International Telephone Magazine, has entered into an alliance with the telephone companies to save the English language from being telephoned into oblivion. To this end the local telephone girls have been adjured not to say "ought" when they repeat a number in which there is a naught.

Some of the operators while being drilled in the use of the old-new word suggested that the word might cause some confusion with the word naught, which sounds not unlike naught. As a matter of fact, constant users of the telephone have been accustomed to saying "0" for zero, and when, say, 107 was wanted the experienced telephoner has been in the practice of calling for one-0-seven.

It is not explained whether the girls are expected to pass rhetorical and orthopedic criticisms upon the conversation of subscribers, but one fluent telephone conversationalist who was yesterday called down for calling up "nine-ought-seven," asked the well meaning operator why she didn't quit telephoning and help raise the standard of English in the public schools.

HERRMANN AT THE GRAND TONIGHT

"Herrmann the Great" is now on his fourth annual tour of America. His business has been simply enormous. Everywhere he has been greeted by audiences who crowded the theatre to the doors. Of all the successful tours of this remarkable man the present tour has proved to be a record breaker. His business has been limited to the capacity of the different theatres, wherein he appears. Artistically the program offered by Herrmann the Great is the best ever placed before an American public. The startling illusion "Cremation," in which a young lady is burned alive is a sensation. The five Nosses, expert musical artists and also members of his company the present season. He will appear at the Myers Grand tonight.

Growth of Divorce.

In 1870 3 1/2 per cent. of all the marriages in the United States ended in divorce courts. In 1881 the percentage had risen to 4.8. In 1892, it was 6.2, and in 1900 it was 8 per cent. In other words the percentage of divorces to marriages in this country has more than doubled since 1870.

The total number of divorces in the United States for a given year was 23,427. During the same year 20,711 divorces were granted in all the world outside the United States. There was an excess of 3,361 divorces in this country as compared with the remainder of the world. Of foreign countries the smallest number of divorces in the given year was in Canada, where only twelve were granted. Next to the United States the largest number was in France, with 6,245 in the year. Germany was a close second with only 100 less.

From a religious standpoint there are about 73 divorces to every 100,000 Catholics, while divorces for the same total among Protestants are 283.

More than 40 per cent. of all the divorces granted in the United States is on the ground of desertion, and divorces are five times as frequent in the city as in the country districts.

Nat. M. Brigham's Lecture.

Nat. M. Brigham gave his lecture, The Grand Canon of the Colorado, last night at Court Street M. E. Church. The entertainment throughout was of the very highest order. For wealth of beautiful views and for splendor of word painting the lecture stands out pronounced. The audience gave the closest attention from first to last. It is however as a singer that Mr. Brigham strikes 12. He sang two ballads last night that charmed the audience. His tones are mellow, sweet and full. He sings without sensible effort. He is easily the best tenor singer ever heard in Janesville.

For Over Fifty Years.

MRS. WINSLOW'S SOOTHING SYRUP has been used for children while teething. It soothes the child, softens the gums, allays all pain from wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

BASE BALL SEASON AT THE UNIVERSITY

Practice Games This Week—First Contest on Saturday—The Memorial Day Game Here.

Madison, April 10.—The baseball season at the university will be inaugurated this afternoon with a game between the all-star aggregation and a team picked from the two score of candidates who are trying for positions on this year's varsity nine. This is the first of a series of games to be played this week between the same teams. The all-star nine consists of the professionals who are assisting Coach King, this spring and a number of the old leaguers who live in or near Madison.

The first college game of the season will be played on Saturday when the Lawrence university team will tackle the varsity. The schedule for this year includes twenty college games half of which are to be played on the home grounds. The most interesting games will probably be the series of five to be played with Beloit. This series culminates with the Memorial day game at Janesville on May 30.

Prince Kropotkin, the famous Russian scientist, literature and exiled Nihilist, will lecture here next Tuesday under the auspices of the faculty on the subject "Turgenev and Tolstoi." The United States Marine band of seventy-five pieces will give a concert in the university gymnasium tomorrow night. This organization is known as the President's Band.

BLOOD WILL TELL IS DEMONSTRATED

At the late, local election is Wisconsin the voters had a variety of distinguished names before them on the list of candidates. Hereditarily seems to have been a marked element in politics and it gave to some of the contests more than a local interest. In several instances the fact that "blood will tell" was easily demonstrated.

In Milwaukee Paul Dillingham Carpenter, a son of the late Matt H. Carpenter, the brilliant United States senator from Wisconsin, and grandson of Paul Dillingham, the famous war governor of Vermont, was elected county judge. His victory is remarkable because he was a candidate in opposition to Emil Walther, probably the most popular German in the city, who has held that and other local offices for many years and who never before was defeated at the polls.

Byron D. Paine, a son of the late Byron Paine—one of the most distinguished jurists who ever sat on the supreme bench of Wisconsin—was not as fortunate before the voters. He was a candidate for judge of the municipal court of Milwaukee, but was defeated on a close vote by the present incumbent of the office. His lack of success is said to have been owing to the fact that he was the candidate of the disturbing factional element in the republican party which stands as representing Governor LaFollette in state politics.

In the Green Bay judicial district Judge Samuel D. Hastings, Jr., was reelected to the bench which he has occupied for two terms. He is the son of Samuel D. Hastings, now in advanced years, who was an active abolitionist and ally of S. M. Booth, the Lovejoys, Garrison and other emancipation leaders whose labors were crowned with success as the main result of the civil war.

In Madison, Storm Bull, a nephew of the late Ole Bull—the world's greatest violinist—was elected mayor on the democratic ticket. Ole Bull became a resident of Madison in his later years and married a young wife there. Storm Bull was his protegee, was a scientist and educator of high rank and is one of the ablest members of the faculty of the University of Wisconsin.

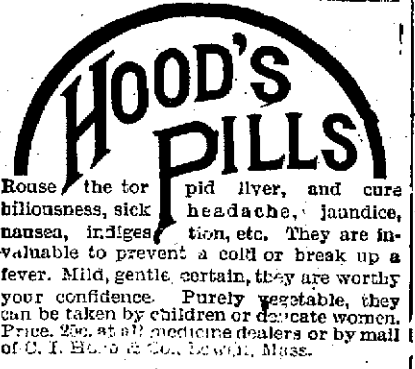

Evidently the voters of Wisconsin appreciate blue blood and distinguished names when, in all these cases, they are associated with high personal merit.—Chicago Chronicle.

Library Site Correction.

Editors Gazette:—In your issue of yesterday entitled: "Sites Proposed for the Public Library," there is an error in regard to the King property S. E. corner East Milwaukee and S. Bluff streets, being 10,000.00 for ninety by ninety (90x90) feet square. The truth is that that amount of land was offered for (\$7,000) seven thousand and Mary A. King, the owner, offered to donate \$1,000.00 out of that sum for books for the new library and she offered to sell all of Lot 8 and N. 1-2 of Lot 7, Block 26, original plat of Janesville for \$10,000.00, same being 133x100 feet S. E. corner East Milwaukee and South Bluff streets.

MARY AGNES KING.

"Nasal Catarrh" quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

NERVOUS DYSPEPSIA.**A CURE FOR IT.**

Not a Patent Cure-all, Nor a Modern Miracle, but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. a package.

They are manufactured by the F. A. Stuart Co., of Marshall, Mich.

Any druggist will tell you it gives universal satisfaction.

Mrs. E. D. Finch of Whitewater is visiting Mrs. Chas. A. Warren.

BRIEF BITS OF COUNTY NEWS**ORFORDVILLE.**

Orfordville, Wis., April 9.—Mrs. B. M. Johnson and H. L. Smiley were in Janesville Wednesday last on business.

C. O. Ness was a Janesville visitor on Thursday.

Dr. H. B. Anderson made a professional visit to South Wayne, Thursday.

H. O. Wee nad son Gilman were Rockford, Ill., visitors on Thursday. Miss Mattie Halverson of Janesville visited with Mrs. H. O. Wee a few days last week.

Knut Staven, who has been working at the cigar trade in Alexandria Minn., for the past three years, returned last week to accept a position as cigar maker with H. N. Heggard.

Mr. and Mrs. Richard Eagen returned to Janesville Friday after a few days' visit with relatives here.

The Badger State Telephone Co. have put in a new phone in the State Bank of Orfordville.

Misses Maggie Bucklyn and Luella Tracey of Brodhead visited with Miss Ethel Jones Wednesday of last week.

Mrs. Ira Inman spent Saturday with her sister Elsie.

Miss Ruth Thoreson of Janesville visited with Mr. and Mrs. P. J. Logan a short time last week.

Misses Myrtle Newcomer and Sophia Jacobson of Brodhead were in the village a short time Saturday.

W. A. Murray who is fulfilling the position of clerk at the Young House Brodhead, was a visitor here on Saturday.

Misses Ella Gaarder and Emma Sater, after a week's vacation returned to Janesville on Monday to resume their studies at the high school.

Miss Emma Bursley spent Sunday with her brother Geo. Bursley, returning to Janesville on Monday.

Don't forget the festival at the M. E. Church on Wednesday evening, April 10. The proceeds to go toward the Pastor's salary.

The dance at the Star Opera house on last Saturday night was well attended. Leaver's orchestra as usual rendered fine music.

E. A. Dorner and family left last Saturday for their new home at Orfordville, Wis., where is the headquarters for the Lund Land Agency Co., for which Mr. Dorner is agent.

RICHMOND.

Richmond, April 9.—Miss Alice Keith has resumed her school work at Walworth.

The Easter concert at the M. E. Church on Sunday evening was well attended and an interesting program was prepared for the occasion.

Mr. and Mrs. S. A. Hulise are visiting relatives in Chicago.

Miss Pearl Smith of Smithtown was a caller here Monday.

John Clark and Sister May of Rock Prairie attended the Easter concert.

Miss Della Nott re-opened school on Monday in District No. 2. School in the Calkins district began the same day, a lady from the normal being the instructor.

Miss Lillie Morton entertained a few of her friends one evening last week.

J. G. Parish had the misfortune to lose one of his stage horses last week.

The Misses Taylor gave a "Stock Exchange" party to their friends on Wednesday evening of last week. Prizes were awarded and a right jolly time was the verdict of all who attended.

OTTER CREEK.

Otter Creek, April 9.—Harry Orcutt, while feeding stock for Fred Adams, got kicked by one of the horses, badly injuring his leg. He generally went over alone but it happened that his brother was with him. He managed to crawl out from under the horses and his brother Frank had to go for a rig to bring him home. It will be some time before he can walk.

Mrs. Orcutt is having a part of the old house moved preparatory to building a new one. She will occupy the old building while the new is being erected, which will be just east of the old site.

HARMONY.

Harmony, Wis., April 10.—Married, at Whitewater at high noon at the residence of Frank Wheeler by the Rev. Longfield W. H. Gray of Harmony and Edith Dickinson of Whitewater. Their many friends extend hearty congratulations.

Mrs. Myron Webb and son Ore of Beloit have been spending the past week among relatives in this vicinity.

The school in Dist. No. 7 began on Monday with Miss Edna Cole as teacher.

Mr. Ferguson of Cottage Grove, Wis., visited at W. C. Wilbur the past week.

Mrs. L. H. Martin spent a few days with her mother, Mrs. Foster of Janesville last week.

Yates and Rumpf are sawing wood and their new engine does the work nicely.

C. Peterson entertained company on Sunday.

Mrs. S. G. Bond has been quite ill but is now improving.

Mrs. Mary Ann Wood is still improving and it is now expected she will fully recover.

"Try a package of Mrs. Austin's Wheat Food for breakfast, delicious for dessert, sure to delight."

St. John's Military academy at Delafield, Wis., gave its first dress parade drill at the season.

Rheumatic Pains.

It is always the weakest part that first gives way to the attacks of disease. So, when the weakened stomach and deranged digestion shut off the supply of nourishment, the overworked nerves lose their resistive power and fall easy victims to colds and exposures. Repair the nervous forces, increase the vitality, and rheumatism, neuralgia and sciatica will be quickly exchanged for renewed health and strength.

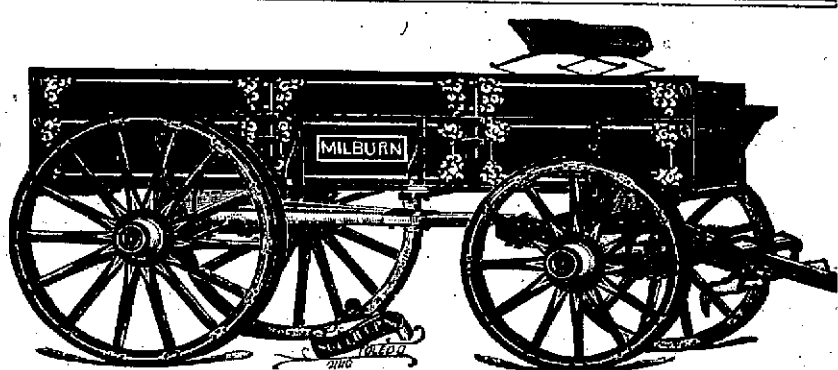

"Exposures and privations of army life brought on rheumatism and for many years I have had periods of intense suffering. Indigestion and chronic constipation made matters worse and awful swellings in legs and arms nearly drove me wild. Dr. Miles' Nervine and Dr. Miles' Nerve and Liver Pills have relieved me of those terrible sufferings and have made life a pleasure."

DELOS HUTCHINS, Sonoma, Mich.

Dr. Miles' Nervine

Makes the appetite keen, the digestion perfect, the liver active, the blood pure and the nerves strong and steady. One trial will convince any one. Try it to-day.

Sold by druggists on a guarantee. DR. MILES MEDICAL CO., Elkhart, Ind.

SAVES LIFE

Willard, Ill., August 1, 1900.

I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and falling of the womb. I also had hysterical spells. I was in a bad condition when I received your "Ladies' Birthday Almanac" and read the advertisement of Wine of Cardui and Theodor's Black-Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theodor's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE.

Mrs. ALICE DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures whites and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theodor's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theodor's Black-Draught that saved Mrs. Davis' life. Never take a substitute.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulate the stomach and bowels. Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil. It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhoea and summer complaint.

"Buy Mrs. Austin's Famous Wheat Food, rich in phosphates and gluten. All grocers sell it."

N. P. Strause of Madison was in the city yesterday looking after the interests of the American Tobacco company.

CUBA'S MISTAKE.

Late dispatches indicate that Cuba is likely to cause more trouble, before accepting the conditions imposed by the United States. The Cuban council has rejected the Platt amendment, passed by the congress just before adjournment. This amendment provided, among other things, that Cuba should not have the right to dispose of any portion of her territory to any foreign nation and that the American government could step in at any time and protect the island against foreign invasion.

The amendment throughout was in the interests of Cuba and practically established a mild protectorate until the Cubans demonstrated the ability to govern themselves.

The rejection of these good offices puts a new phase on the situation, and may render necessary an extra session of congress unless President McKinley is willing to assume the responsibility in settling the question.

The Cuban race will not be permitted to commit suicide while on the eve of independence and American troops will be kept on the island to prevent rash and hasty action.

It is to be regretted that wiser counsels have not prevailed. Cuba has been under Spanish dictation and tyranny for so long that it is difficult for her to place confidence in any nation. The island would be infinitely better off, if for the next twenty-five years her interests were placed in the hands of the people who redeemed it from bondage worse than slavery.

A debt of national gratitude is sometimes difficult to appreciate and this appears to be the present condition in Cuba. This government has made no demands for submission, and it is hoped that nothing of this kind will be necessary. The congress simply said to the new government, there are certain things that should be observed in your own interests, and the United States asks to help establish a government that will be permanent. There was nothing unreasonable about the request and unless it is accepted in the same generous spirit with which it was offered, it will be evident that Cuba at present is far from capable of self government.

The English press comments at great length on the reply to the action taken by the United States in regard to the canal. England understands that the best way to insure the neutrality of the canal is to allow the United States to protect its own property. From hundreds of war possibilities there is only one that would affect Great Britain unfavorably and that is war between the two nations in question and this is so remote a possibility as not to be considered.

In 1897 Aguinaldo was influenced to cease fighting Spain by a bag of gold and a promise of more. In 1901 the same Aggie was influenced to cease fighting Uncle Sam by Fred Funston's strong arms and a promise of freedom on good behavior. With Spain money has always been the all powerful influence, and ruin and decay have demoralized every fiber of her government.

Beloit in dealing with the proposed electric railway problem, should profit by Janesville's experience. Janesville once tried to make a railway company pay more than was just, and as the result the villages of Clinton Junction and Milton Junction came into life—the road cut us off on both sides.

Oshkosh's chief of police has decreed that no more poker shall be played in the sawdust city. This will be a painful surprise to most people, as but few had suspected that anyone in Oshkosh knew how to play the game.

Tolstoi goes on sowing his wheat in spite of his ex-communication and banishment. As he believes in neither the church nor the state, he probably is not worried much by these actions.

Funston once edited a democratic daily, but showed his good sense in changing it to a republican sheet; for which he was threatened with a coat of tar and feathers. We can imagine his reply to the threat.

Of the seven demands made of Cuba, six of them are intended for the protection of the island, during the period of her military weakness, and none of them can be considered as made for selfishness or self aggrandizement.

The czar seems to be willing to court war abroad for the purpose of hiding the internal strife, thereby causing a reaction in favor of the government.

A Chicago man who gave people a \$5 bill with each purchase of \$1 worth of gum drops, was sent to jail. The

real philanthropist has no show in Chicago.

Milwaukee people complain that the ice cut in the Milwaukee river is impure. What difference does that make? Of course you use it only to cool the kegs.

Aguinaldo has been quartered in a house near a river. Can it be that this move was made in order that it would be easier for him to drop in.

The Chicago common council has "organized on a non-partisan basis" but in other respects "business" will be done in the usual manner.

King Edward has again honored American genius. He has appointed Mr. Edwin Abbey painter of the coronation scene.

Platt says there is no trouble. No, it was no trouble at all to drop the boss from further consideration.

When England reads of the capture of DeWet, she wonders what it is he has captured this time.

Russia ought to invite her students to a peace conference.

The opposition candidates' friends are always "heelers."

ONLY GOOD LUCK,
SAVED HIS LIFE

Albert Lutz, a Groceryman, Struck by a Passenger Train—Received Serious Injuries.

Albert Lutz, a son of August Lutz, who conducts a grocery store at 352 South Academy street, was struck by a Chicago & Northwestern passenger train this morning at the second crossing in the Fourth ward at 11:35 o'clock this morning and by some good luck escaped being killed.

Lutz, who is employed by his father in the grocery store, went down onto Second street to deliver some goods. He was driving a single horse attached to a covered delivery wagon.

The crossing at this point is just at the end of Milwaukee's cut where it is very hard to see a train coming from the south.

Lutz had crossed the track once and was on the homeward trip when he was struck. He had driven onto the track not knowing the train was coming and when he first saw it bearing down upon him it was not over eight rods away.

He struck the horse with the lines but before he could get across the engine crashed into the wagon striking it just back of the front wheel. The shock demolished the wagon and threw Lutz about twenty feet. The horse was not hurt and freeing itself from the wagon ran home.

The train was stopped as soon as possible and Lutz picked up and put in the baggage car and brought to this city, where he was placed in a hack and taken to his home.

Dr. E. F. Woods was called and examined the boy and dressed his injuries, which consisted of a bad cut over the right eye about an inch long and reaching to the bone and some smaller cuts. His body was also badly bruised in a number of places.

Lutz claims that the train was running about twenty miles an hour when the train struck him and that the engineer did not whistle for the crossing. He said a farmer driving along the road at the same time said the whistle was not blown for the crossing.

ELKS MAKE MERRY
AT THEIR BANQUET

Six Candidates from Edgerton Admitted to the Janesville Lodge Last Evening

The local Elks met last evening and admitted six candidates to the order. Besides the local members there were many present from abroad and all had one of the pleasantest of evenings. The candidates initiated were from Edgerton, and were six in number as follows: E. C. Tallard, Charles Tallard, McInnes, Henry Johnson, A. McIntosh and F. B. Carr.

Among some of those who took part in the speeches and amusements at the banquet were Mayor Richardson, W. G. Wheeler, Geo. Dower, George McKey and J. F. Sweeney. Smith's orchestra was present after the close of the unique dance.

Besides the new members from Edgerton, those present from abroad were Charles P. Briggs, Rochester, N. Y.; C. F. Christensen, Monroe; George Dower, Madison; J. P. Riley; Milwaukee; J. E. Monroe, Milwaukee; H. S. Garvey, Chicago; F. Coleman, Madison.

SEEBOECK, FAMOUS PIANIST

Seat sale opens tomorrow at the People's Drug Co's store, corner Main and Milwaukee streets, for Seeboeck, the world renowned pianist, and Geoff, that wonderful 12 year old violinist. All those who have promised to go please purchase them. Every music student, everyone who has a piano at home, ought to hear this renowned artist, for it is a treat that we enjoy only too seldom.

CLEMENT-THOMAS
WEDDING TODAY

Pretty Ceremony Today at the Home of the Bride's Parents at 52 Locust Street.

In the presence of a company of about thirty relatives and intimate friends, Miss Gertrude E. Clement of this city and George B. Thomas of Fairmount, West Virginia, took upon themselves the solemn obligations of matrimony. The ceremony was solemnized at nine o'clock this morning by Rev. J. T. Henderson, pastor of the Presbyterian church, the happy event occurring at the home of the bride's parents, Mr. and Mrs. H. F. Clement, 52 Locust street.

The parlors were handsomely decorated with flowers and during the ceremony the bride's father stood in a bower of palms, ferns, potted hydrangeas and cut flowers. The bride attendants were the bride's sister, Miss Maude Clement, and Dr. Ira Holsapple. The bride was handsomely gowned in a becoming traveling suit of gray.

After the ceremony and congratulations an elaborate wedding breakfast was served after which the newly married couple left on the 10:10 train, their friends giving them a lively farewell at the depot.

Mr. and Mrs. Thomas will go at once to their home in Fairmount, where the groom's parents will welcome them with a large reception. The groom is the head book-keeper for a large coal firm and he met his bride while on a visit to this city last summer. The bride is an attractive young woman who has been employed in the central office of the Wisconsin telephone company. She has a large circle of friends and the great number of beautiful wedding presents which she received were evidence of the high esteem in which she was held.

Among the guests from out of the city were the bride's brother, Fred L. Clement and wife of Beloit, Wis., Miss Edna Cole of Milton Junction, Miss Hattie Jenkins of Rockton, Ill., and Mrs. M. H. Carr of Beloit.

A VERY PRETTY
CHURCH WEDDING

Impressive Yuptial Mass Solemnizes the Marriage of Miss Lizzie McCann and Mathew Rodwig

At St. Mary's church at eight o'clock this morning Rev. Father William A. Goebel solemnized the marriage of Miss Lizzie McCann of this city and Mathew H. Rodwig of Freeport, Ill. The church was well filled with relatives and friends who gathered to witness the pretty wedding.

Miss Marie McCarthy was the maid of honor and the groom was attended by the bride's brother, Ed. McCann. The personal beauty of the bride was greatly enhanced by the becoming traveling dress which she wore.

A very pleasing feature of the wedding was the singing of "O Salutaris" and "Ave Maria" during the celebration of the nuptial mass. The selections were sung by Miss Lillie Bourg-meyer and Andrew Gibbons and their rich voices blending harmoniously in the beautiful songs made the ceremony impressive.

The bride is the daughter of Mr. and Mrs. Thomas McCann of the town of LaPrairie and is a young woman of more than usual attractiveness. She has been the fore lady in the packing room of F. M. Marzluft & Co's. factory and is exceptionally popular with all who know her. The groom is a railroad man and stands high in the esteem of his many friends.

Mr. and Mrs. Rodwig will make their home at Freeport. The hearty congratulations and best wishes of a host of friends will attend them.

Sweet Grape Juice.
Strengthens the weak and makes the strong an athlete. Grubb.

WOMAN'S TROUBLE
DUE TO POLITICS

Denver, Colo., April 10.—Mrs. M. A. Ratcliffe, 36 years old, and the mother of two children, is promised the distinction of being the first woman arrested in this country to answer for alleged election fraud. Mrs. Ratcliffe is charged with having wilfully, knowingly and unlawfully voted in the wrong precinct at the late city election. R. L. Meyers, a deputy collector, was arrested today on a warrant charging him with having paid Ernest Beamstein \$1 for his vote. The three judges who accepted Beamstein's vote one minute after the polls closed were also arrested. The Tax Reform league decided today to increase its fund for the prosecution of election frauds from \$10,000 to \$20,000. Committees representing both the Republican and Democratic parties are co-operating.

Tempting Confections.

Shoes and Clothing, Two Complete Departments.

JANESVILLE WANTS THE POWER HOUSE

BUSINESS MEN MAKE A PROPOSITION TO MR. CLOUGH.

They Will Give a Bonus of \$10,000 and a Site To Secure the Headquarters of the Beloit, Rockford & Janesville Road—It Now Seems Possible.

Beloit may not be able to block the building of the Beloit, Delavan Lake and Janesville electric line much longer. The situation at Beloit has developed into a fight between the East and West sides of the river, which tends to block the construction of the road through the city, and may end in driving the road away from them entirely.

Mr. Clough is anxious to build the road through Beloit and has done all that he was able to do to show the people of Beloit that it would be for their interests to have the road run through the town and that he was willing to accept any reasonable ordinance governing the right to construct the road. The ordinance finally presented to him was of such a nature that he would not think of accepting it.

He has told the council what he wanted and they are now considering the proposition and will decide definitely at the next meeting. The determined effort of Beloit to block the road has aroused the business men of Janesville to see what could be done in the way of having a road built with its headquarters in this city and would skip Beloit. A party of business men met Mr. Clough last evening and during the talk a proposition was made to him, that in order to make it an object for him to locate the power house in this city they would give him \$5,000 and a site and they would also give \$5,000 if he would construct the Delavan Lake line from this city and make Janesville the headquarters of the system.

This is quite a proposition for the gentlemen to make but they were confident that he money could be raised and ex-Mayor Thoroughgood offered to start the list with a \$500 subscription.

They are thoroughly in earnest in the move and believe that a line making the circuit to Delavan by the way of Johnstown and other small towns without railroad facilities would be a paying investment. From Delavan the line could be run to Rockford or some other good town and would not touch Beloit.

If Janesville was made the headquarters of the company it would mean that the power house, car barns and all other buildings necessary at the headquarters would be built and many thousands of dollars spent here in this city. It would also be the means of bringing about twenty-five men to the city; the most of them skilled mechanics and electricians. Employment would also be given to many men now residing here around the cars and barns.

Mr. Clough promised to give the matter due consideration and if such a thing as a reasonable franchise from Beloit could not be accomplished he would be in a position to give them a chance to make their offer good.

The statement that T. S. Nolan has been securing options on a right of way for an electric railway between Janesville and Johnstown is not correct, he has simply asked some of the farmers living along the road what they thought of the proposition to build such a line.

Sweet Country Hams.

Nothing finer cured, 12 1-2 cents lb. Half hams, one cent pound more. Grubb.

The State Bank of Orlfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

Clinton Wilcox of Chicago, son of Mrs. Wilcox of Chicago is quite ill with typhoid fever. He was taken sick in the south and was immediately taken to his home in Chicago. John L. Wilcox, his brother, spent Saturday and Sunday with him.

Mr. and Mrs. S. M. Fisher of 156 Dodge street entertained a party of friends last evening. Supper was served at 7:30 o'clock after which the card tables were brought in and several hours of enjoyment were spent.

In Justice Earle's court yesterday, Wm. Shoemaker was given a judgment against U. S. Hall for \$81 damages and costs amounting in all to \$117.59. The action was brought to recover the value of a horse which was sold as sound and proved to be unsound.

Will H. Ashcraft has resigned the office of Clerk of Florence Camp No. 366 Modern Woodmen of America, his resignation to take effect. July 1.

The duties of clerk require a great deal of time and Mr. Ashcraft has decided that his personal business demands his resignation of the office which he has capably filled for several years. A special meeting for the choice of his successor will be held at the first meeting in June.

The D. A. R. of Janesville held a most interesting session yesterday afternoon at the home of Edwin F. Carpenter on East street. The session was full of interest. Many papers relating to the organization being read. Mrs. C. S. Jackman gave a report of the tenth annual continental congress and Miss Mabel Jackman read Mrs. W. G. Wheeler's report of the social features of the congress.

Mrs. J. T. Wright read the Lord's prayer in verse, Miss Cowles gave a paper on ancestry and Mrs. E. H. Ryan read on Old Newport.

FIND THE BODY OF EUGENE BADGER

TAKEN FROM THE RACE NEAR WOOLEN MILL PLANT.

It is Thought That the Young Man Accidentally Slipped into the River and Was Drowned—An All Night Search for Mr. Badger Was Finally Rewarded.

The dead body of Eugene Badger was taken from the race near the Rock River Woolen Company's mill at 5:20 o'clock this morning by James Sullivan, one of the parties engaged in the search for him.

Badger was a young man twenty-eight years of age who came here from Lowell, Mass., some years ago and was employed as a carder in the lower cotton mill. He had no relatives in this part of the country and boarded with Eugene Delisle, who lives on Race street near the mills.

Badger has been missing since Sunday night but nothing was thought of it until a cap that he had on when he left was found floating in the race about three o'clock yesterday afternoon.

As soon as the cap was discovered a search for the body was instituted. A number of people armed with hooks and poles began dragging the race and the bulkhead gates were lowered the shut off the flow of water from the river into the race and the lower gates were opened to allow it to flow out into the river.

On account of the high water in the river the water did not run out sufficiently for a thorough search to be made until after daylight. The search was then renewed and in a few moments Sullivan discovered the body about midway between the old bridge that ran over to the old electric light plant and the bridge which runs from the office of the woolen mills to the mill.

When found the body of Badger was lying on his face near a couple of stumps, with his feet sticking up into the air. His overcoat was thrown over his head and the body was at first mistaken for a stump, was taken from the race and Nelson's undertaking wagon called, to convey it to their undertaking rooms where it was prepared for burial.

Badger was out Sunday afternoon with a party of friends and returned to his boarding place about six o'clock. After eating his supper he left the house and went up town. During the afternoon he had been wearing a soft gray hat, but when he left the house in the evening he put on a cap belonging to Mr. Delisle.

He was around town during the evening with a number of his friends. Shortly before eleven o'clock he started for home and walked as far as Kammer's meat market on Western avenue with Herman Leffler, where they separated Badger going down on Western avenue towards home. From that time until his body was found nothing was seen of him.

It is supposed that he went down to the old bridge leading to the electric lighting plant which is now closed to travel and in going across lost his footing and fell into the water which is very high at present. He was considered a first class swimmer but it is thought that the water chilled him and his clothes dragged him down to death.

The body was found near the upper or East end of the race and the cap was found some distance down the race, towards the lower end where it had been carried by the current. The finding of the cap so far from where the body was found confused the searchers who had not looked for it near where it was finally discovered.

Arrangements for the funeral are not yet completed but it is thought that it will be held tomorrow.

NEWS OF A PERSONAL NATURE

Mrs. S. D. Hill, 65 Racine street, is very ill.

Mayor Simon Smith of Beloit was in the city yesterday.

NEWSPAPER MAN IS WEDDED AT BELOIT

Warren R. Anderson of the Milwaukee Journal Marries Miss Mildred Travers Today.

Beloit, Wis., March 10—Warren R. Anderson, a prominent young newspaper man of Milwaukee, was married at high noon today to Miss Mildred Travers, one of Beloit's fairest youngwomen. The ceremony was performed at the home of the bride, corner of Bluff and E streets, by Dean F. J. Mallett of St. Paul's Episcopal church, in the presence of only the immediate relatives and friends of the contracting parties. A school mate of the bride, Miss Pearne Peake of Geneva, played the wedding march. After the ceremony a sumptuous wedding breakfast was served. The house was very prettily decorated in palms, smilax and orange blossoms, the orange blossoms being a gift from California friends. Miss Travers is a daughter of Mr. and Mrs. Frank Travers and is a most lovable young lady. She graduated from the Beloit high school in 1898 and has attended the Milwaukee Normal school for three years. The groom has been in the newspaper business in Milwaukee for several years, being at present the state editor of the Milwaukee Journal. The happy couple took an evening train for Milwaukee where a home is all ready for them.

The out of town guests were Mrs. Walter Atwood, Chicago; Mrs. W. P. Devoe, Cambridge, Ohio; Messrs. Chas. Dean, L. A. Williams and C. Anderson, Milwaukee; Elmore E. and Miss Pearne Peake, of Geneva, Wis.

PRaise OF LOGAN IS SUnG

Gem of Oratory by President McKinley

AT UNVILLING CEREMONIES.

President's Tribute to General Logan Probably His Best Effort—An Eloquent Eulogy by Senator Depew—Mrs. Logan Attends the Ceremonies.

Washington, D. C., April 10.—The heroic bronze equestrian statue of Major General John A. Logan, which rests on an imposing bronze pedestal in Iowa circle, was unveiled in the presence of the president, the cabinet, the widow and relatives of the gallant soldier, many of his comrades in arms, and a multitude of people. The sculptor, Franklin Simmons, who was knighted by King Humbert of Italy as a tribute to the artistic character of the work, also was present. Master George Tucker, a grandson of the honored warrior, pulled the unvelling cord at 2:45 o'clock. The folds of the large American flag fell away and the dashing figure of "Black Jack" Logan, seated on his charger, stood revealed, amid a roar of cheering that echoed far down the intersecting streets and avenues. The president and members of the cabinet had been escorted to the statue by a military parade under command of Colonel Francis L. Guenther of the Fourth United States artillery. The procession included detachments from the artillery and infantry arms of the regular army, a battalion of marines and a company of seamen from the navy yard, a provisional regiment of the District of Columbia militia, members of the societies of the Army of the Tennessee and of the Army of the Cumberland, and members of the local veteran association.

Mrs. Logan Is Present.
Mrs. John A. Logan and other relatives sat upon a platform at the base of the monument. She was escorted

MRS. JOHN A. LOGAN.
by Colonel Maxwell Woodhull, who was General Logan's adjutant general during the civil war.

President McKinley's Address.

President McKinley received an ovation as he was introduced, and it was some time before he could begin his remarks. He spoke in part as follows: "My Fellow Citizens: It is a good token when patriots are honored and patriotism is exalted. Monuments which express the nation's gratitude for great deeds inspire great deeds. The statue unveiled today proclaims our country's appreciation of one of her heroic sons whose name is dear to the American people, the ideal volunteer soldier of two wars, the eminent senator, and commoner, General John A. Logan. Logan's career was unique. His distinction does not rest upon his military achievements alone. His services in the legislature of his own state, in the national house of representatives, and in the senate of the United States would have given him an equally conspicuous place in the annals of the country. He was great in the forum and in the field. Some names instantly suggest a sentiment. That of Logan stands for exalted patriotism. This was the key of his success. Party politics to him was nothing when the Union was in danger. When the alternative came he was swift to dedicate his life, and fortune to the party of Lincoln because it stood for the indivisibility of the Union. How much he did to create and increase the sentiment of loyalty and patriotism among the people of his own state and throughout the nation can never be told. He stood with Douglas holding up the cause of the Union and offered his own life as a cheerful sacrifice, if need be, for its preservation. Logan was never half-hearted. An intense patriot, he was also an intense partisan. He was forceful in the senate, as he was undaunted in battle. He had convictions and followed them to their conclusions at any cost. He was never a trimmer nor a laggard. He despised duplicity, was the soul of frankness, and always at the front in every struggle, civil or military, during the years of his eventful life. He was a leader from boyhood, the recognized captain among his youthful associates."

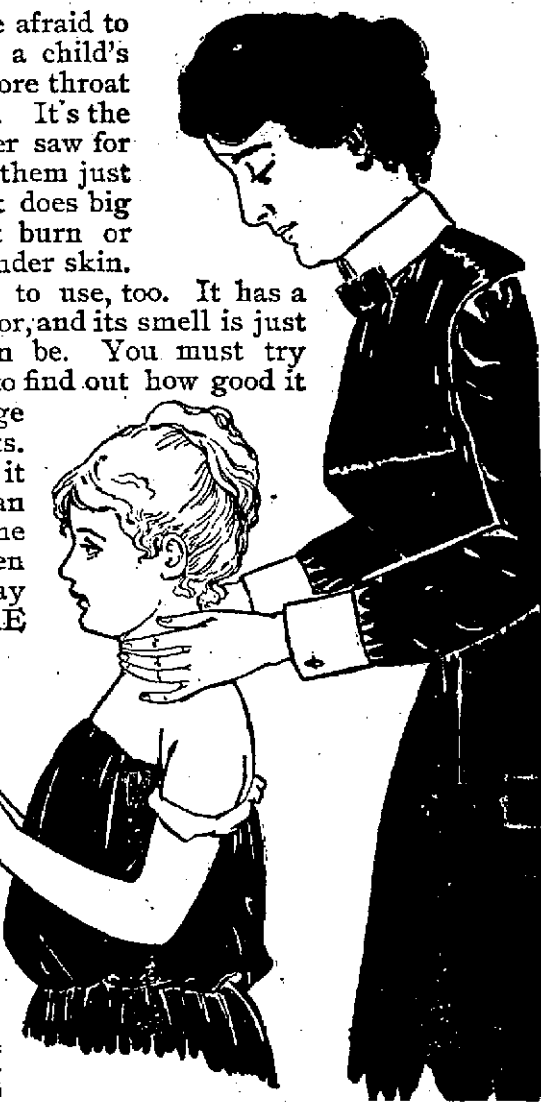

Depew's Tribute to the Dead Hero.
The oration was delivered by Senator Depew of New York, who spoke as follows: "Logan is the finest example of the volunteer soldier. Around the nucleus of a little army of 25,000 regulars gathered a million of volunteers who formed in an incredibly brief space of time the most magnificent and relentless body of soldiery of modern or ancient times. They demonstrated in the quickness with which the army was mobilized and disciplined,

Omega Oil

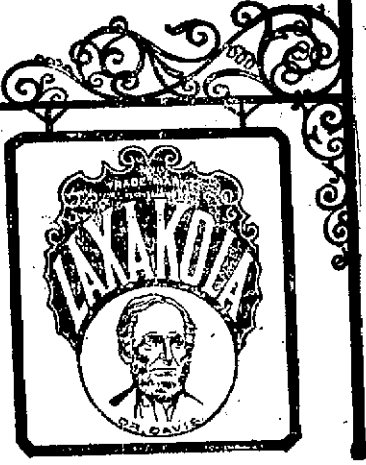

You needn't be afraid to rub Omega Oil on a child's throat or chest for sore throat or cold in the chest. It's the best thing you ever saw for children. It does them just as much good as it does big folks, and it won't burn or blister the most tender skin.

Omega Oil is nice to use, too. It has a sparkling green color, and its smell is just as pleasant as can be. You must try Omega Oil itself to find out how good it is. You cannot judge it by other liniments. Rub in a little of it wherever there is an ache or pain, and the hurting will stop then and there. You may doubt this BEFORE you try it, but you won't doubt it AFTER you try it. Buy a bottle now, and see how much suffering it will banish. A single bottle will go around the family several times.

Any druggist will supply you, or the Omega Chemical Co., 207 Broadway, New York, will mail a bottle, prepaid, for 10 cents, in cash, money order or stamps.

The Sign of Health

Dizziness and headaches cannot be cured in any other manner than by getting at the root of the trouble and curing the cause.

The cause is almost invariably a disordered digestive system, or else a bad stomach and clogged bowels are responsible. Laxakola, the great Tonic Laxative, is an unfailing cure.

It works gently and painlessly and at the same time acts as a tonic to the bowels, stomach, liver and kidneys and builds up the system instead of weakening and irritating it as other laxatives do.

Its remarkable properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure. Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. Children like it and ask for it.

LAXAKOLA FOR WOMEN. It is a gentle and safe remedy to use during all conditions of health of the gentler sex whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, and is invaluable in assisting to relieve obstructions which otherwise would lead to more or less severe pain or illness. It improves the complexion, brightens the eyes, sharpens the appetite, quickens the circulation, removes mucus and bilious condition of the skin and cures sick headache to a certainty by removing the cause. To women suffering from chronic constipation, headaches, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief. At druggists, 25c and 50c, or send for free sample to THE LAXAKOLA CO., 122 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

EIGHT POUNDS!

Eight pounds of love and laughter, of smiles and sunshine or—? Many a mother can fill up the blank out of her experience of puny, wailing children, whose coming brought no gladness to the home. Women who have used Dr. Pierce's Favorite Prescription as a pre-natal preparation know that it makes all the difference between happy, healthy motherhood, and a motherhood of mourning and misery. And they know also, that happy, healthy mothers have happy, healthy children. "Favorite Prescription" strengthens the whole body for the strain of motherhood. It practically does away with the pains of childbirth, gives the mother abundant vitality and enables her to nurse and nourish a healthy child.

The "Favorite Prescription" contains no alcohol, neither opium, cocaine, chloral nor any other narcotic.

"I am mother of six children," writes Mrs. C. A. Briggs, of Millwood, Douglas Co., Oregon, "and always took three or four bottles of 'Favorite Prescription' before confinement and never suffered any to speak of; had no after pains; my babies were large—they all weighed more than eight pounds, and I am not a large woman; weigh about 125 pounds. I have had some stomach trouble, but a few doses of 'Golden Medical Discovery' would set me all right. I am hardly ever without your medicines. They are all the medicine one needs, if taken in time, to keep one in perfect health."

"I feel that I owe my little boy's life to Dr. Pierce's Golden Medical Discovery, as he had convulsions, and everything he ate would bring them on. I commenced to give him the 'Golden Medical Discovery' in ten drop doses three times a day. Now he is just as healthy a child as can be found and he grows like a weed."

Dr. Pierce's Pleasant Pellets are the best laxative for women.

SWEEP BY A TIDAL WAVE

Crew's Terrible Experiences on an Ocean Steamship.

MOVING MOUNTAIN OF WATER.

Huge Mass of the Sea Towers Above the Endangered Vessel—As It Breaks Decks Are Flooded and Sailors Terror-Stricken.

Portland, Me., April 10.—The Thomson line steamship Hackney, Captain Storms, has just arrived from Shields, and passed through probably the most remarkable experience of any steamship this year. That she escaped foundering is little short of miraculous and the story told of the fearful power of the sea is almost beyond belief. The first part of the passage was very rough. Coming out of the Tyne, they encountered a fearful storm, and the ticklish passage through the Pentland firth was effected with great difficulty. April 3 there was a hurricane of terrific force, and then the sea grew calmer.

Wave Sweeps Over the Ship.

Suddenly from midocean a monster wave, a tidal wave in the sea itself, rose up astern and towered high above the apparently doomed steamship. There was no hope of escape, it seemed, to those who saw the great mountain of water. Forced down under the enormous weight it fell and the steamer trembled and almost went down. The great mass of water was hurled over her and swept everything before it. The iron chain box in the wheelhouse, with its contents, weighing over a ton, was lifted as if it had been the toy of a child, taken out through the hole the wave made in the house and swept overboard. The steel coverings of the wheelhouse, fastened in a very solid way to the deck, were torn off. The top of the wheelhouse bulged up and was bent out of shape and the aft and port sides were crushed in.

Masses of Iron Carried Away.

The skylight on the aft steering-house was swept away, and the sounding machine, a heavy mass of iron, was taken from the top of the house and carried forward to the bridge. The stern lights disappeared, the starboard binnacle and wheelhouse were swept loose, the supports for the gratings of the wheelhouse were taken out and with them the fire buckets and railings, mooring chock and flagpole. The cattle fittings went like a dash and were seen no more save as a floating mass of wreckage. The great wave had no companion. When it passed the danger was over, but for hours the crew waited, not knowing what else the storm had in store for them. The experience shook the nerves of the crew, and after the wave passed the officers had to go aft before any of the men could be induced to stir. They said it would be certain death to go forward.

Seemed to Rise from the Bottom.

Captain Storms is an old sailor, but he never had a like experience. He said the great wave seemed to rise from deep down in the ocean. For one fearful moment it towered high above the steamer and then swept on with terrible force. It was not the result of the storm, all on board are very positive, but of some disturbance deep down under the waves.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

WEST & TRUAX, Wholesale Druggists, Toledo, O.

WALDING, LINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally; acting directly upon the blood and mucous surfaces of the system. Price 50c per bottle. Sold by all Druggists. Testimonials free.

Hall's Family Pills are the best.

Roosters often crow over eggs they did not lay. Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co's advertising. 35c. Sold at Smith's pharmacy, kodak agents, next to postoffice.

Girls Sold by Gypsies.

Kankakee, Ill., April 10.—The sale of two girls, members of a gypsy band, at Mokena, this county, brought on a riot that for a time threatened serious results. So angry were the citizens over the traffic that when a court failed to punish the wanderers the citizens abandoned stores and factories, the school was closed, and men women and children united in a mob which drove the gypsy band from town. The deal which caused all the trouble was the sale of Juanita Costello and Margot Czech, 16 and 17 years old, by their guardian, Nicholas Karoptkin, a Russian, to a Brazilian, also a member of the band, the price paid being \$800.

Pneumonia Rife in Klondike.

Seattle, Wash., April 10.—Dawson passengers of the City of Seattle say that pneumonia is very prevalent in the Klondike. Col. J. C. McCook, United States consul for the Klondike, was very ill April 2 and had practically no chance of recovery.

Frank J. Belcher, one of the richest men of the Klondike, recently died of the disease, just as he was about to leave for his home in Pennsylvania, where he proposed to retire on a fortune of at least \$500,000 which he had accumulated in El Dorado district. A number of other deaths have resulted from the disease.

P. C. Knox Is Sworn In.

Washington, D.C., April 10.—Phillander C. Knox of Pittsburgh, was sworn in as attorney-general at 10:30 in the morning. The ceremony took place in the cabinet room of the White House.

Justice Shiras of the United States supreme court administered the oath.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

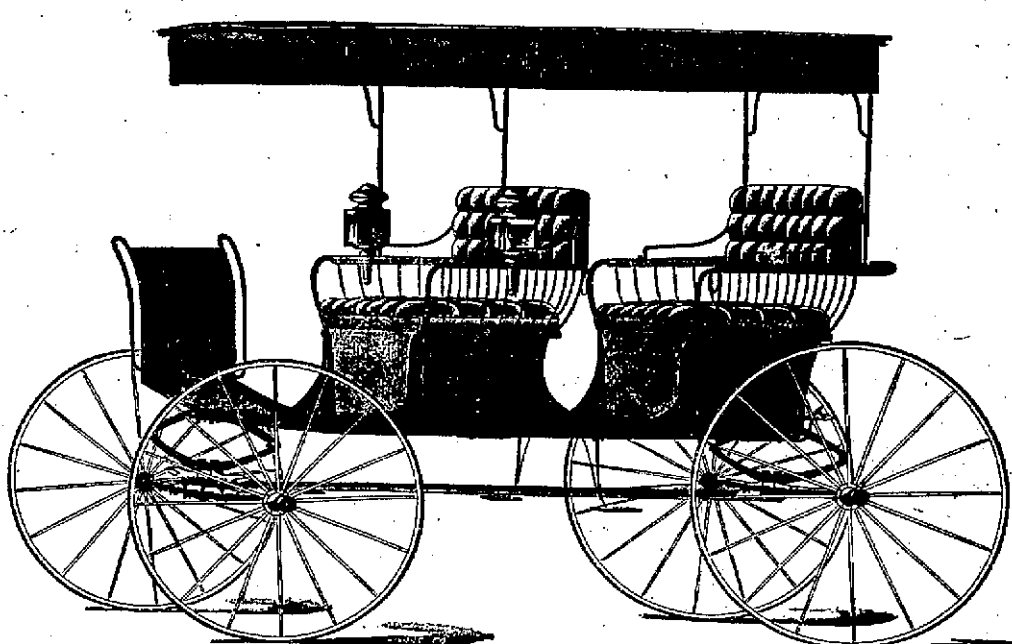

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

Going to Build

Whether you contemplate building at an early date or not, it is an ideal book of practical, up-to-date designs and intelligent descriptions.

Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect. It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousands of dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to send you a copy free of charge. If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

✿ The Living Truth From Living Witnesses You All Know. ✿

Janesville, Wis., Jan. 23, 1901.
This is to certify that I have used one bottle of Trymi and find the medicine all that it is recommended to be for Stomach and Liver and Kidneys, giving me a perfect and natural appetite. I will gladly answer any communication addressed to me in regard to the medicine.
THOMAS F. BAKER.
401 So. Bluff street.

Janesville, Wis., Jan. 23, 1901.
This is to certify that I was troubled for some years with Stomach disease and Constipation and Kidney trouble. I procured and took one bottle of Trymi and can now eat any and all of anything I desire and have a splendid appetite. I heartily recommend Trymi to any and all who may have stomach trouble in any form.
MRS. MARGARET E. BAKER.
401 South Bluff Street.

R. J. Sarasy—Dear Sir: For twelve years I have fought the condition of my stomach. Every morning, almost without exception, while harnessing my horse, I would have to stop and vomit my breakfast. My distress was great and continual. After taking two bottles of Trymi I find all my symptoms of Dyspepsia and Bowel Trouble have left me and I cannot find words strong enough to praise Trymi. I am sure Trymi will do all that is claimed for it.
Respectfully,
WM. J. GRANT.
Janesville, Wis.

R. J. Sarasy—Dear Sir: During the past ten years I have taken drugs and remedies enough to start a wholesale drug store, in a vain attempt to find relief from chronic constipation. Your Trymi fitted my case exactly and on an outlay of \$1.00 I have secured more benefit in one month by using Trymi than in all the years previous.
